Dear parent/carer

Due to some students having to withdraw from the trip due to GCSE examinations I am writing to you about an exciting opportunity as there are places now available to students in year 10 & 11.

In January 2023 the science department will be running an educational trip to Euro Disney Paris for 20 students. The trip will be a fantastic opportunity to explore the science behind the exhilarating rides that are found within the Disney parks. In addition, students will be able to explore the parks and take advantage of the facilities that are on offer. There are currently 3 places available.

I have outlined the proposed details of the trip below -

The trip will run from Sunday 29<sup>th</sup> January 2023 and return Wednesday 1<sup>st</sup> February 2023. The first day will involve travelling to Disney and some evening activities. The students will then spend two full days in the parks and return home on the fourth day. Specific timings will be confirmed closer to the event.

During the trip students will be involved in two workshops which will link the content that they are learning in their science lessons to a real world situation. Working in teams of eight, students will use their skills to design a new roller coaster for Disneyland Paris discussing their ideas with theme park designers.

The price includes accommodation at the B&B hotel, Disneyland Paris, travel, breakfast, evening meal and insurance. It is recommended that students bring around €15 for their lunches. The cost per student will be £469.

The total balance will need to be paid in full no later than Thursday 15<sup>th</sup> December 2022.

Should you wish to register your interest please do so by Monday 12<sup>th</sup> December 2022 by completing the return slip below to Miss Standing. Shortly after the deadline students will be notified if they have been successful in securing a place.

Many Thanks
