23rd March 2023

Dear Parent/Carer

I am writing to you about an exciting opportunity available for you and your family to attend a 1 hour science show delivered by The Royal Institute of Chemistry. This event will run on Monday 17th April from 4pm-5pm.

Energy LIVE! is an exciting audience led show, delving into the different stores of energy and how they affect our lives. Through lively, fire-based demonstrations we take the intimidation out of the terminology around energy and show you just how simple this subject can be.

We have 150 places available to our students and their family members. Attendance is on a ticket only entry so if you are successful in securing a place we will allocate you tickets which must be brought to the event.

If you are interested in attending the event please reply to the Edulink message, email office@omacademy.co.uk or phone the main office on 01472 310015 option 0 and confirm the number of people who require a ticket including children who attend the academy. Please reply no later than Friday 24th March.

Kind regards
